# OUR STORY

## EXPANSION

Our first business move was from a 450 square foot workshop to a fully operational 3,500 square foot industrial space

## PRODUCT GROWTH

In 2019, after much demand, the first outdoor pod product was designed and brought to the market

## THE PANDEMIC

The 2020 pandemic stimulated an explosion in global demand for outdoor pods with completed projects in the US, Europe and Middle East

## OUR SUCCESS

In 2021 following rapid growth we moved into our latest 10,000 square foot manufacturing facility, housing a work force of over 25 staff

## HOW IT STARTED

Mike, the CEO of a successful research agency, couldn't find a suitable meeting pod for his business, so he commissioned Tom (his carpenter son-in-law) to build one

## THE MEETING POD CO WAS BORN

In 2016 Tom's unique curved design received unanimous praise from Mike's staff and clients and so The Meeting Pod Co Ltd was established

## A BIT OF HOME

Inspired by the yachting location, the pods adapted high quality composite materials associated with the Isle of Wight's boat building industry
