OUR STORY

EXPANSION

Our first business move was from a 450 square foot workshop to a fully operational 3,500 square foot industrial space

PRODUCT GROWTH

In 2019, after much demand, the first outdoor pod product was designed and brought to the market

THE PANDEMIC

The 2020 pandemic stimulated an explosion in global demand for outdoor pods with completed projects in the US, Europe and Middle East

OUR SUCCESS

In 2021 following rapid growth we moved into our latest 10,000 square foot manufacturing facility, housing a work force of over 25 staff

HOW IT STARTED

Mike, the CEO of a successful research agency, couldn't find a suitable meeting pod for his business, so he commissioned Tom (his carpenter son-in-law) to build one

THE MEETING POD CO WAS BORN

In 2016 Tom's unique curved design received unanimous praise from Mike's staff and clients and so The Meeting Pod Co Ltd was established

A BIT OF HOME

Inspired by the yachting location, the pods adapted high quality composite materials associated with the Isle of Wight's boat building industry
